Office Hours: ASM 2074; MW 1:00-2:00pm; 3:30-5:00pm or by appointment

Course Description: We encounter global relationships every day, and the way we conduct business is an ever evolving process that requires us to understand the dynamics of globalization and its political economy. This course is designed to introduce students to the concepts of globalization and the global political economy and the role that businesses play therein. We will examine contemporary debates over the political, social and economic consequences of the globalization of markets and industries. We will also examine the responses of multinational enterprises to the challenges of globalization.
